PROFILE

With six years in web design and development, I specialize in front-end production, logical thinking, and problem-solving. As an ERP software developer, I create custom Sales and CRM modules. I prioritize modern coding, optimal user experiences, efficient time management, teamwork, and continuous learning to drive organizational growth.

SKILLS

Programming - PHP, JavaScript, Python

Frameworks - Django, ReactJs, Node Js, Flask

Database - MySQL, PostgreSQL, GraphQL

Server - Linux Server, AWS, Google Cloud

Services - Docker, git

CRM - Shopify (liquid), WordPress,

Webflow

ERP - Odoo, Zoho

EXPERIENCE

SENIOR WEB DEVELOPER

Rebel Marketing LLC | USA (Remote)

- As an E-commerce Specialist focused on **Shopify**, I excel in creating customized online stores that cater to diverse business needs. From initial setup to ongoing optimization, I provide end-to-end technical services including email marketing, payment integration, product fulfillment, driving SEO growth and generate online revenue.

WEB & ERP DEVELOPER

Smarter AI DMCC | Dubai, United Arab Emirates

- I develop custom plugins and enhance **web** functionality, providing scalable tools that integrate with popular platforms. Skilled in **Odoo customization**, I create tailored ERP solutions, configure workflows, and optimize data structures to streamline business processes and enhance user experience.

SENIOR WEB DEVELOPER

Promate Technologies FZE | Dubai, United Arab Emirates

- I specialize in Shopify, creating custom applications and themes for Promate and Vertux, including custom Meta fields apps and 3D product views. I also build CRM modules on the Odoo platform, handle backend errors, address bugs, and test custom modules.

WEB DEVELOPER

Net Tech 247 LLC | Dubai, United Arab Emirates

- Responsible for system design, selecting appropriate languages and structures, enhancing existing features, resolving API issues, and integrating third-party applications. Developed virtual 360 projects for real estate, retail, and automotive shows, delivering immersive VR experiences.
